Escape 101:

We had a great experience in the Widow's Room at Escape 101 in Danbury. We ended up breaking out of the room with over 3 minutes to spare. Although challenging after a day at work, it was a fun experience.

Educators in the group shared tips and tricks with each other regarding how break out room concepts can be applied in a classroom setting in order to fit a variety of content areas and age groups.

Close of meeting @ 6:30 followed by dinner.
